Scientific Programme

Day 1

Thursday 03 September 2026

07:45 · Registration starts

08:20 · Welcome

08:30 - 13:00 Live Surgery Session 1

Moderators: Mario Pelle Ceravolo & André Auersvald

Special topic debates in parallel to Live surgery: Is the SMAS really the holy grail in facial rejuvenation? — Gerald O'Daniel, Mario Pelle Ceravolo, André Auersvald, Kai Kaye

- Facelift (almost-live) — **Gerald O'Daniel**
- Pre pectoral B Lite implant with mastopexy — **Moustapha Hamdi**
- Breast augmentation with fat transfer — **Kai Kaye**

13:00 - 14:00 · Lunch / Lunch Symposium (Non CME)

14:00 - 15:30 Panel I: Emerging Technologies & AI in Aesthetic Medicine

Moderators: Can Cedidi & Nitzan Kenig

Debate on the role of AI and its impact on modern aesthetic medicine — All panelists & audience — 20 min

- Ethical Use of AI in Plastic Surgery: Risks and Accountability — **Nitzan Kenig (12 min)**
- Stem cells and exosomes - oncologic implications? — **Kai Schlaudraff (12 min)**
- AI in Plastic Surgery: Hype, Slop or Revolution? — **Nitzan Kenig (12 min)**
- Technology and plastic surgery: 3D implants — **Jesus Benito Ruiz (12 min)**
- Fat grafting - new strategies — **Kai Schlaudraff (12 min)**
- Beauty Standards and Algorithmic Bias in the Age of AI — **Nitzan Kenig (12 min)**

15:30 – 16:10 · Video Session 1: Breast Surgery

16:10 - 16:40 · Coffee Break

16:40 - 18:30

Panel II: Breast

Moderators: Moustapha Hamdi & Pier Luigi Canta

Debate on the role of implant technology and scaffolds in modern Mammaplasty – tendencies for 2026 regarding implant textures, Surfaces and gel cohesivity — All panelists & audience – 20 min

- My data and experience with P4HB scaffold in Mastopexy — **Ernesto Maria Buccheri (12 min)**
- Optimizing Implant-Based Breast Reconstruction with ADM - From Support to shaping — **Can Cedidi (12 min)**
- The use of Polyurethane implants in Augmentation Mastopexy - my rationale and experience — **Moustapha Hamdi (12 min)**
- The IMF - an intriguing siren in mammaplasty — **Mario Pelle Ceravolo (12 min)**
- No (less) implants needed? Primary and secondary BA with Fat — **Kai Kaye (12 min)**
- Mastopexy with lower pole advancement: My technique — **Selahattin Özmen (12 min)**
- Mastopexy with Submuscular Autoprothesis, my best choice for long term results — **Pier Luigi Canta (12 min)**

18:30 · Closure Day 1

19:00 - 20:00 · Welcome Cocktail at Pool Terrace Hard Rock Hotel

Day 2

Friday 04 September 2026

07:45 · Registration starts

08:20 · Welcome

08:30 - 13:00

Live Surgery Session 2

Moderators: Gerald O'Daniel & Erdem Tezel

Special topic debates in parallel to Live surgery: Unsolved challenges in facial rejuvenation — Mario Pelle Ceravolo, Gerald O'Daniel, Renato Saltz, André Auersvald

- Gliding Brow Lift / Excisional GBL with A-Net — **André Auersvald**
- Periorbital: Direct Brow lift and Bleph — **Mario Pelle Ceravolo**
- Hybrid Mentoplasty — **Kai Kaye**

13:00 - 14:00 · Lunch / Lunch Symposium (Non CME)

14:00 - 16:00

Panel III: HD Liposuction & High Definition Body Contouring

Moderators: Kai Schlaudraff & Ahmad Saad

Debate on Technology in Body contouring – tendencies for 2026 regarding new technologies, treatment standards, innovations — All panelists & audience – 20 min

- Intramuscular Gluteoplasty, the gold standard for safe and natural Gluteal Augmentation — **Pier Luigi Canta (12 min)**
- Gynecomastia correction, principles and pitfalls, a tailored surgical approach — **Ernesto Maria Buccheri (12 min)**
- Male chest liposculpture — **Ahmad Saad (12 min)**
- Beyond the scalpel: how to maintain safety in full body makeover every step of the way — **Karl Waked (12 min)**
- Male chest enhancement with implants — **Jesus Benito Ruiz (12 min)**
- The art and science of abdominal etching — **Ahmad Saad (12 min)**
- HD Liposuction — **Kai Schlaudraff (12 min)**
- My signature tummy tuck: creating the invisible visible look — **Karl Waked (12 min)**

16:00 – 16:40 · Video Session 2: Body Contouring

16:40 - 17:00 · Coffee Break

17:00 - 19:00

Panel IV: Practice Management & Non-invasive Treatments

Moderators: Renato Saltz & Kai Kaye

Debate on Challenges for private MED Spas and injector practices – tendencies for 2026 — All panelists & audience – 20 min

- Balancing visibility and credibility in social media marketing for plastic surgeons — **Ernesto Maria Buccheri (12 min)**
- Lets help humanise faces back again — **Rajat Gupta (12 min)**

19:00 · Closure Day 2

21:00 · Gala Dinner at Rooftop Pool Terrace Hard Rock Hotel

Day 3

Saturday 05 September 2026

08:30 · Registration

09:00 - 10:10

Panel V: Massive Weight Loss and Abdominoplasty

Moderators: Ernesto Maria Buccheri & Kai Schlaudraff

Debate on Surgery of the core – tendencies for 2026 regarding Postbariatric patients, impact of GLP-1, and Muscle Management — All panelists & audience – 20 min

- GLP-1 induced weight loss and the consequences? — **Kai Schlaudraff (12 min)**
- Liposuction assisted 360 degree belt shaping — **Selahattin Özmen (12 min)**
- Sculpting Confidence: The Transformative Power of Abdominoplasty — **Can Cedidi (12 min)**
- High Definition Abdominoplasty – SHARP Technique to achieve consistent results — **Rajat Gupta (12 min)**

10:10 - 10:35

MIPSS Keynote Lecture 2026

Speaker: Renato Saltz

10:35 - 11:00 · Coffee Break

11:00 - 13:00

Panel VI: Next Generation Face

Moderators: Mario Pelle Ceravolo & Gerald O'Daniel

Debate on Facelift techniques – tendencies for 2026 regarding Deep plane vs. Superficial plane vs endoscopic — All panelists & audience – 20 min

- Endoscopic Hybrid Facelift: Endoscopic Facelift made easier — **Mirza Firat (12 min)**
- Artistry in facelift beyond the deep plane: an algorithm for technique choice — **Gerald O'Daniel (12 min)**
- Loose skin in the ageing face - a strong bull to tackle — **Mario Pelle Ceravolo (12 min)**
- The Full Neck Concept: Advanced Strategies in Deep Neck Contouring — **André Auersvald (12 min)**
- The full SMAS concept — **Renato Saltz (12 min)**
- Beautification: face surgery for young patients — **Erdem Tezel (12 min)**
- 10 years of Forehead Reduction — **Beatriz Berenguer (12 min)**
- Buccal fat pad herniation: the perfect facial augmentation flap and most under rated cause of lower facial aging — **Gerald O'Daniel (12 min)**

13:00 - 14:00 · Lunch / Lunch Symposium (Non CME)

14:00 – 14:45 · Video Session 3: Face

14:45 - 16:10

Panel VII: Cutting Edge Eyes & Brow

Moderators: Beatriz Berenguer & André Auersvald

Debate on Periorbital rejuvenation – tendencies for 2026 regarding endoscopic vs. open, Eyes vs. brow — All panelists & audience – 20 min

- Versatility of Transconjunctival Blepharoplasty – tips and tricks to ensure success — **Rajat Gupta (12 min)**
- Surgical and Non-surgical periorbital rejuvenation — **Selahattin Özmen (12 min)**
- Endo Deep Plane vs Extended Gliding Brow Lift, the best option in minimally invasive Facial Surgery — **Pier Luigi Canta (12 min)**
- Excisional GBL — **André Auersvald (12 min)**
- Temporal Face Lift: Surgical anatomy, indications and patient selection — **Hakan Şirinoğlu (12 min)**

16:10 - 16:30 · Coffee Break

16:30 - 17:50

Panel VIII: Advanced Nose and Lip

Moderators: Nazim Çerkeş & Wolfgang Gubisch

Debate on the role of the Lip-nose junction for aesthetics – tendencies for 2026 regarding Lip lift and Nose — All panelists & audience – 20 min

- The Art of the Lip Lift: Precision, Balance, and Natural Results — **André Auersvald (12 min)**
- Polly Beak deformity - how to prevent, how to treat — **Wolfgang Gubisch (12 min)**
- Tip oriented closed rhinoplasty and septal extension — **Erdem Tezel (12 min)**
- The Influence of the Pitanguy Ligament on the Supratip Break Point in Open Rhinoplasty — **Hakan Şirinoğlu (12 min)**
- Alar base surgery: nuances and techniques — **Nazim Çerkeş (12 min)**

17:50 – 18:30 · Video Session 4: Nose

18:30 · Adjournment and Closing Remarks — Kai Kaye

20:30 · Faculty Dinner
